

Attorney Docket No. 13625-003001  
Serial No. 10/039,687  
Amendment dated July 21, 2004  
Reply to Office Action dated June 2, 2004

REMARKS

Reconsideration and allowance is respectfully requested.

Initially, the indication that all claims represent allowable subject matter is appreciatively noted.

Claims 1-31 stand objected due to various informalities. In this response, claims 2, 4, 13-18, 20-21, 24-25 and 30 are amended to overcome the specific rejections. By way of appropriate correction to these claims, it is submitted that these objections have been overcome. Amendment of a claim is not to be construed as a dedication to the public of any subject matter.

With reference to the objection as contained in paragraph 1(e), second occurrence of the office action, it is respectfully pointed out that the "real time" parts are the "simulated three-dimensional additional" parts, not the "non-varying" parts. Claim 15 has been corrected accordingly, which differs from the manner indicated by the Examiner.

It is submitted that the application is now in condition for allowance.
